

Approved For Release 2001/07/28 : CIA-RDP78-04718A002500430006-3

Office Memorandum • UNITED STATES GOVERNMENT

① + 5 DD/P (TSS)

TO : Chief, Management Staff

DATE: 29 September 1958

FROM : Chief, O&M Staff, DD/P Area

SUBJECT: Personnel Ceiling - TSS

REF : DD/S-57-3610

1. By the referenced memorandum Col. White requested that we keep in touch with the TSS personnel ceiling to see to it that a reduction of two was made when a new linotype machine was installed.

2. I discussed the matter with [REDACTED] Support Chief for TSS and he assures me that the ceiling of TSS was reduced by two, following the installation of the machine, although the ceiling has since been increased. The T/O for Guard Division where these positions were located no longer contains positions No. 98 Negative Cutter, and No 98.3 Negative Cutter. Two individuals formerly employed in Guard are no longer there.

25X1A9a

3. I trust this resolves the matter.
